# STUD BREEDING CONTRACT

This document details the Breeding arrangement between Sire and Dam owners. It is intended to bring out specific definitions regarding the Breeding of the Sire and Dam, and also defines compensation for the Sire's Service. You further agree that you are breeding your female for the right reasons, you realize and agree that your responsible for every puppy produced by your planned breeding(s), and are sure you are prepared for that responsibility and that you are genuinely trying to better the breed with this breeding. You agree you're sure you are financially prepared to properly care for the puppies until they are placed in their new homes.

### Mating

1. The Dam will be brought to the Sire's Residence.
2. The Mating ace or "Tie" must be witnessed by one of the owners.
3. The initial attempt will take place on \_\_\_\_\_.
4. Three successful ties are preferable.
5. Keep the Dam properly confined following the breeding to ensure no other dog could mate her accidentally before and after the mating season is finished.

### The Litter

A Litter, for the purposes of this Contract, is defined as a minimum of 2 puppies born alive. If Breeding does not take, a Repeat Breeding will be given to the same Dam on her next heat. If the Dam fails to conceive on the return service, this Contract is terminated. No fee will be refunded should Dam fail to whelp.

To receive the return service, the Dam owner must notify the stud dog owner of failure to conceive, in writing, no more than 70 days following the mating.

Sire's Owner will not release Sire's Registration Number until 1 week after the litter is born.

The Stud owner strongly recommends that no puppies resulting from the breeding may be sold to brokers, pet shops, or puppy mills.

### Sire Stud Fee and Compensation:

The Sires owner asks for \$600 at time of breeding.

\* If breeding does not take, \$600 will go to next breeding attempt.

By this Contract it is specifically agreed that the Stud Dog Owner is not obligated to sign the application for Litter Registration until, and unless, the Stud Fee and any other related financial arrangements have been paid in full.

We, the undersigned agree to the terms and conditions of this contract.
